

Volume control with Amplifier & color screen

Description:

This 2-4 channel small Bluetooth multi-home audio system equipped with micro USB/TF can power 2 to 8 pieces of speakers in your home or small commercial area. It uses a high-efficiency class-D amplifier for a maximum output of 2*25W or 4*25W, low-impedance speakers. The cool display shows relevant track music info. Plus, you can control everything – seek, change tracks, and adjust the volume – using the included wireless infrared remote controller.

Features:

- ▶ Adopt Bluetooth wireless connection technology
- ▶ Support play songs automatically when power on
- ▶ Standard 86 Mounted on the wall for easy control
- ▶ With wireless remote control
- ▶ Support linkage trigger doorbell
- ▶ Support USB and SD card storage
- ▶ Support audio input and output function with secure and fast connect phoenix connectors
- ▶ Color LCD display, and light touch button rim for easy control of the music system
- ▶ Suitable for homes, commercial areas, kid's room, etc.

Wall amplifier

Default link with 4pcs of speakers. For 8 speaker connection, please use 8ohm speaker and adopt series connection.
